My binder

Alex Rivera

Saved on October 12, 2026

A downloaded copy of your saved notes. Unsaved edits are not included.

The big picture

Alex is exploring college options and learning how to compare costs. We talked about financial aid and questions to bring to the college.

College options

My notes

- I want a campus where I can ask for help and feel at home.

Paying for college

From our conversations

Collected from your conversations. You can edit these in your binder.

- Include books, transportation, and living costs when comparing colleges.

My notes

- Compare what we actually pay after grants, not just the tuition price.

Things to remember

- Grants do not usually need to be paid back. I should ask about any conditions.

Questions to ask

- Can the financial aid office explain what is covered and what we still need to pay?

Conversation points are recaps, not confirmed decisions. Translated notes are marked. Confirm requirements and dates with the college.
