The big picture

I am exploring college and transfer options. My next step is to compare programs and bring my questions to a counselor.

College options

My notes

I want to compare nursing and environmental science before choosing a major.

José García: Me interesan la biología y las oportunidades de investigación.

Transfer & courses

My notes

My meeting notes: Review prerequisites, application dates, and course availability with the college. Review prerequisites, application dates, and course availability with the college. Review prerequisites, application dates, and course availability with the college. Review prerequisites, application dates, and course availability with the college. Review prerequisites, application dates, and course availability with the college. Review prerequisites, application dates, and course availability with the college. Review prerequisites, application dates, and course availability with the college. Review prerequisites, application dates, and course availability with the college. Review prerequisites, application dates, and course

availability with the college. Review prerequisites, application dates, and course availability with the college. Review prerequisites, application dates, and course availability with the college. Review prerequisites, application dates, and course availability with the college.

Things to remember

Ask my counselor which courses count toward both my degree and transfer requirements.

Paying for college

Questions to ask

What grants can I apply for, and when are the priority deadlines?

Applications

My decisions

Bring a draft of my personal statement to our next meeting.

Conversation points are recaps, not confirmed decisions. Translated notes are marked. Confirm requirements and dates with the college.
